

JULY 30, 2003

Orange County Oracle User Group
In Association with QUEST Software
present

QUEST Summer Jam '03

Time	Event	
8:30 AM	CONTINENTAL BREAKFAST	
9:00 AM	OFFICIAL CALL TO ORDER	Mr. Jeff Cromwell, President OCOUG
9:15 AM	Building a Web Site with PL/SQL (using TOAD) Attendees will learn - by example - how to build a web site with PL/SQL. The web site will be interactive and be built on an O9i database. This presentation is full of examples from Dan's latest books: The TOAD Handbook and Oracle 9i Development by Example.	Mr. Dan Hotka
10:30 AM	COFFEE BREAK & NETWORK	
10:45 AM	Oracle9i DBA Tips and Techniques Dan will discuss many of the new features of the Oracle9i database. He will compare O9i with O8 and O8i covering issues such as: Tablespace options, log miner options, memory structures, recovery options, data loading options... This presentation is a MUST for developers and DBAs who regularly design and support Oracle based applications.	Mr. Dan Hotka
12:00	LUNCH and LEARN with QUEST Join us for Lunch (sponsored by QUEST) and see demos of QUEST's suite of ORACLE Development and Administration products...	
1:15 PM	CLOSE OF BUSINESS & RAFFLE (Free copies of Quest's TOAD IDE and autographed copies of Dan's latest TOAD book)	Mr. Jeff Cromwell, President OCOUG
